

Data Sheet Fujitsu PRIMERGY TX100 S3 Server

Enter the world of PRIMERGY TX servers

PRIMERGY TX tower servers are ideal for use in SMEs or branch offices. They increase operational efficiency by providing rock solid, record-breaking, energy efficient performance. That performance is built on 20-years of pioneering work in Green IT. As a customer, you benefit from a reduction in your organization's environmental impact and lower running costs. The reliability is proven by testing the machines through 5000 boot cycles far more than other vendors do. PRIMERGY TX servers are also easy to manage via the PRIMERGY ServerView Suite, reducing IT admin workload and costs. Plus, tower to rack conversion kits are available for most TX systems, ensuring investment protection.

PRIMERGY TX100 S3

The PRIMERGY TX100 S3 is ideal for SMEs, looking for a first server with Intel® Xeon® support. With a maximum of 32GB of RAM, and excellent processor performance, it offers more than enough performance for all classic server tasks, such as file, print, web or office applications. The dual onboard gigabit LAN, makes it easier to do business 24x7. Moreover, the TX100 S3 is incredibly silent making it an excellent choice for any office environment. With its optional zero Watt functionality and a choice of two highly efficient power supply units, the TX100 S3 minimizes costs and the environmental impact.

Features and Benefits

Main Features Benefits ■ An excellent first server for SMEs looking for Intel® Xeon® support ■ Great price-performance ratio - ideal for all classic server tasks like and up to 32GB of RAM file, print, web or office applications ■ Choose between a power supply unit (PSU) with 85% efficiency or ■ Benefit from Fujitsu's pioneering experience in Green IT - save with 94% energy efficiency and 0-Watt functionality money and minimize the environmental impact ■ Low noise levels ■ Effective air flow design ensures a silent system for an ergonomic working environment. ■ Dual onboard gigabit LAN, ECC memory and optional SATA RAID 5/6 ■ Keep business processes going - 24x7 with BBU ■ Halogen-free printed circuit board ■ For environmentally friendly waste disposal

More information

Fujitsu platform solutions

In addition to Fujitsu PRIMERGY TX100 S3, Fujitsu provides a range of platform solutions. They combine reliable Fujitsu products with the best in services, know-how and worldwide partnerships.

Dynamic Infrastructures

With the Fujitsu Dynamic Infrastructures approach, Fujitsu offers a full portfolio of IT products, solutions and services, ranging from clients to datacenter solutions, Managed Infrastructure and Infrastructure as-a-Service. How much you benefit from Fujitsu technologies and services depends on the level of cooperation you choose. This takes IT flexibility and efficiency to the next level.
